Why Major in Social Work at Southern?

Proximity to Chattanooga's urban environment provides a variety of practicum and internship partners.

With Southern's low student-to-teacher ratio, students benefit from individual time with their professors, who have experience integrating faith and learning.

Experiential learning links theory to practice.

Students may work with faculty and staff on formal collaborations with the local government.

Study trips to Washington, D.C. and New York City as well as Europe offer unique opportunities for gaining an educational experience outside the classroom.

Majors Offered:

Bachelor of Social Work

Master of Social Work
